2ND

HANNOVER SENTINEL WORKSHOP

4th - 5th March, 1994

Hannover Medical School, Dept. of Epidemiology and
Social Medicine, D-30623 Hannover, Germany

Friday 4th March, 1994

12.30	<i>Registration</i>	
13.00	Welcome	<i>Schwartz</i>
13.15	Session 1: Methods in Sentinel Research	Chair: <i>Schach</i>
13.15	Towards a Nationwide Information Network GP-Care	<i>Stokx</i>
13.40	Epidemiologic Surveillance of Influenza in the Community of Madrid	<i>Zorrilla</i>
14.05	Analysis of Organochlorine Pesticides in Human Milk through a Sentinel Practice Network	<i>Schlaud</i>
14.30	<i>Coffee Break</i>	
15.05	Testing the Accuracy of Computer-Held Morbidity Data	<i>McCormick</i>
15.30	The Capture of Socio-Economic Data for MSGP4	<i>Fleming</i>
15.55	A Comparison of Data Collecting Methods for Morbidity Data	<i>Charlton</i>
16.20	<i>Coffee Break</i>	
16.55	The Continuous Morbidity Registration Nijmegen	<i>van Weel</i>
17.20	Denominator Approaches in the Hamburg Paediatric Sentinel Practice Network	<i>Kellerhof</i>
17.45	Discussion	
18.15	<i>Recreational Break</i>	
18.30	<i>Dinner</i>	

Saturday 5th March, 1994
